

Gallery Rental FAQ

How big is the space, and what is the capacity?

The Gallery is 28x28 of useable space. The North Deck, which is always included in rental, is 32x39. There is a small residential kitchen in the Gallery available for your use.

For inside only, we can accommodate 45 seated and 60 standing. If the deck is also used, capacity increases to 75 for seated or standing. This can be flexible, so please ask if your headcount is a little over 75.

Do you recommend other vendors?

We are currently building a list of recommended vendors for rental equipment, photography, etc. Please ask during your booking.

Is parking available for my event?

Parking in the South Lake Union neighborhood is very limited. We can reserve 2 spaces for your catering and planner in the park's North Lot. Neighborhood parking options can be found here:
