

THE CENTER FOR WOODEN BOATS

Summer Interpretive Program Application

Job Description

The Center for Wooden Boats is a hands-on maritime museum where every visitor has opportunities to engage in small craft heritage. The Summer Interpretive Program puts high-school-aged youth on the front lines or, in our case, the docks acting as liaisons between CWB's collections and exhibits and the people who visit us. As Student Docents accepted applicants will gain valuable experience, including public speaking, while volunteering at our beautiful South Lake Union location. No docent or nautical experience is required, just enthusiasm and dedication! The program is 12 weeks and runs in the months of June - September. Although there are various shifts available to accommodate flexible schedules, Student Docents should expect to volunteer at least 30 hours over the entire summer.

The Summer Interpretive Program runs from June 18th through September 10th. Accepted applicants are not expected to be available for their entire summer vacation, but to commit to at least 30 hours over the entire season. (This equals one shift a week for 8 of the 12 weeks the program runs.) Shifts vary by day and time, which allows for flexibility, although weekend and afternoon shifts are a priority. Please indicate your projected summer schedule; we understand some changes may occur. Check only the boxes for shifts you would be available for if accepted for the 2016 Summer Interpretive Program.
